**AUTOSTRADE PER L'ITALIA REITERATES ITS WILLINGNESS TO CONTINUE IN FINDING A SETTLEMENT OF THE ONGOING DISPUTE. RIGHTS PROVIDED FOR IN SINGLE CONCESSION ARRANGEMENT REMAIN UNAFFECTED.**

Rome, 22 June 2020 – Today's meeting of Autostrade per l'Italia's Board of Directors decided to communicate to the Ministry of Infrastructure and Transport, by mean of a letter sent on the same date, the company's willingness to continue with talks – also after 30 June 2020 – aimed at reaching an agreed resolution of the dispute initiated by the Grantor on 16 August 2018. This does not affect the rights acquired and not waived, or to be acquired by the company, provided for in the Single Concession Arrangement with regard to the substantial changes to the legislative and regulatory framework introduced by the Milleproroghe Law Decree issued on 30 December 2019.

In the letter, the company stressed that its stance is justified by the fact that it has filed legal challenges against the provisions of the Milleproroghe Law Decree, which has unilaterally amended the Single Concession Arrangement under a number of aspects, and by the belief, backed up by leading experts in the field, that the contested legislation is unconstitutional and in breach of EU law.

Were the company's beliefs not confirmed by the outcomes of the above challenges, this would mean that there are valid grounds for application of art. 9-bis of the Single Concession Arrangement, as such grounds cannot be waived.

Given the continued effectiveness of the concession, Autostrade per l'Italia has thus confirmed to the Grantor, in keeping with this position, that it will continue to fulfil its obligations as a concessionaire, hoping that it will be called as soon as possible for the agreed settlement of the procedure of complaint initiated against the company.
