SUSTAINABLE FINANCE: AUTOSTRADE PER L'ITALIA PUBLISHES FIRST SUSTAINABILITY-LINKED FINANCING FRAMEWORK

Rome, 12 December 2022 - Autostrade per l'Italia has today published its first Sustainability-Linked Financing Framework, which reiterates the Company's commitment to sustainable finance, further strengthening the link between sustainability and our financial strategies.

The strength of Autostrade per l'Italia's framework has also been confirmed by the Second Party Opinion issued by Moody's ESG, a leading provider of services to ESG investors. The Opinion certifies the Sustainability-Linked Financing Framework's alignment with the related main international standards.

"The transformation undertaken by Autostrade - said Roberto Tomasi, CEO - aims to embed sustainability in our strategic objectives. Accordingly, the framework sets ambitious targets linked to the Group's Net Zero plan."

The complete framework is available on Autostrade per l'Italia's website at the following link:
